ASSEMBLE QUILLOW

Refer to Quillow Assembly diagram (*below*). Place quilt on work surface, backing side up. Place pillow front on quilt, backing side up, centered with bottom edges aligned. Pin in place.

Using a generous 1/4" seam allowance, stitch around sides and bottom of pillow top, backstitching to secure at the top edges. Because this seam will have repeated stress when the quilt is folded into the pillow, we recommend sewing this seam a second time.
